

# Suresnes Summer Week At home with Inayat Khan and his family

Fazal Manzil, Suresnes  
August 13 – 19, 2023  
with Wali & Ariënne

As 2022 was dedicated to Hazrat Inayat Khan with a three-week-end Year Group in Khankah Samark, we decided to move the Samark Summer Week to Fazal Manzil, the house where Inayat

Khan lived from 1922 until his passing in 1927.

Later, it served as the house for his family and especially Pir Vilayat used it as a retreat center. As Mary, the last occupant of the house, passed away, Fazal Manzil is now open to be used for groups like the one we envision. This summer, most of the house will be renovated.

In this house full of history, we will share stories of the life of Inayat Khan and his wife and children, and from there move on to some of his teachings. Part of this history can be found in Wali's new book on Inayat Khan 'Draw us closer'.

We will have a chance to work in the Oriental Room, where Inayat Khan used to have his interviews with mureeds. As we will also work in the Universel, we inshallah will share Inayat Khan's ideas on the Universel in this and in the spiritual realm. As the Universel is dedicated to Noor Inayat Khan, the elder daughter who was executed as a spy in WW II, we will also share some of her moving story that after WW II so deeply influenced the whole family, and we will follow the path of Inayat's Message to the present day.

## Program

Every morning starts with Sufi Morning Meditations in the Oriental Room. The Dharma talks will be dedicated to Inayat Khan and his family and some of the teachings, hidden in the Prayers. As usual, the teachings will be in the form of 'applied Sufism' so not theoretical, but applicable to daily life. Sharing groups may deepen the every-day aspect of these teachings. A main part of the program in every session will be dedicated to the Dances of Universal Peace, so we can embody both the atmosphere and the teachings and store them in our physical consciousness.

## Lodging

The possibilities for a simple overnight stay are no longer available, as the dormitory cannot be used due to fire protection. We will send a list of hotels and guest houses nearby to those who have registered. There may be cheap accommodation in one of the Nekbakht houses, but this is not yet certain. Write us if you want to make use of it (priority according to the order of receipt of money).

## Costs & Registration

As the participants will have extra costs for lodging and travel, we decided to reduce the price for the Summer Week to only € 350,=. This includes only breakfast Khankah Samark style). Your registration is definite by wiring € 100 to: W. van der Zwan IBAN: DE32 3705 02991341 0649 95; BIC: COKSDE33. Please add 'Suresnes 2023' and send us a confirmation E-mail. Refund only by exception (see our website). We advise you to reserve soon, as space is limited. Reservation and registration are in order of the date we receive your money.

## Wali & Ariënne
